About us

Greetings, I am **Nidhi Chugh**, a soul driven by an inner calling towards holistic growth and spiritual enlightenment. As a Certified Graphologist specializing in Handwriting and Signature analysis, I embarked on a transformative journey that led me to explore the profound realms of Vastu and Numerology. In 2012, my path unfolded at the esteemed International School Of Handwriting Analysis (ISHA USA, California), where I delved into the intricate art of graphology, gaining insights into the intricate dance between mind, spirit, and written expression.

Fueling my quest for deeper understanding, I pursued advanced studies at Power of Handwriting (India), immersing myself in the sacred wisdom encoded within each stroke of the pen. Over the years, my journey has evolved, guided by a higher purpose to serve humanity through spiritual alignment and self-discovery.

Through the lens of Vastu and Numerology, I have ventured into the sacred geometries of space and time, unlocking the cosmic resonance inherent in every dwelling and individual.

Dear Nidhi, I would like to take a moment to express my sincere thanks and gratitude to you. Your predictions and your simple solutions to the complex issues have helped me a lot. You have given me a clarity into the issues that I

have been facing, the reasons behind them and most important how to overcome them. Though have consulted many astrologers previously but the accuracy and clarity in your predictions has been the best. The best part is that you never try to sugar coat anything and stick to reality and help in accepting the same. With best regards.
